Products featured in this
Kennedy-Hahn advertisement include...

Wolf 48" Dual Fuel Range

One convection oven with infrared broilers and one non-convection oven. Customizing opportunities galore; French top front, infrared griddle, four burners, six burners or even eight! Cast iron porcelain top grates, large red control knobs with four position settings. Here's a range that turns cooks on.

Sub-Zero 600 Series Refrigerator

Built by hand, with the Sub-Zero dual refrigeration system at its heart, a 600 series is remarkably efficient using less energy than a 100 watt light bulb. Framed, overlay, or one of three exclusive stainless steel finishes.
