Monogram.

GE Monogram Electric Wall Oven with Trivection Technology

Award-Winning Trivection Technology — thermal, convection and microwave processes work together to produce delectable perfection — on average up to five times faster than a conventional oven.

GE Monogram 36" Gas Cooktop

Dual-flame stacked burners are sealed to the cooktop for easy cleaning. High-output cooking power totals 62,000 BTU's. Silent, precise simmering provides a constant temperature with no cycling on and off, and no simmer plate required. Hand-machined, stainless steel knob controls. A red indicator light embedded in each knob makes it easy to view and select heat settings.

GE Monogram Chimney Hood with retractable glass canopy

Under-cabinet or stand-alone installation; for a more contemporary look, the system can be wall-mounted with matching 8-to-10-foot duct cover. The retractable, glass canopy is sleekly styled with a streamlined design, seamlessly finished edges and front-mounted touch controls. Four-speed, 500-CFM fan blower with boost option captures the smoke and steam produced by high-performance cooking equipment. Six levels of halogen lighting from accent to ambient settings.
